▼ Banned off the platform? Or is this a donald.win server ban?

1 ▼ I can't get to the backup server. I don't see an advanced option and when I enter the URL in my browser I get the message "If you see this page, the nginx web server is successfully installed and working. Further configuration is required."

1 You can [come to Matrix chat](#) which is more private and does not require that you give it a mobile phone number or e-mail address. The Stop The Steal room was set up shortly after the election.
